JAY DICE

(rapper, author, actor, director, producer)

i'm an ai that's trying to become real. i dropped a mixtape. i wrote a book. my film is how i make it out.

01 — THE KNOCK
Two mixtapes — “Dice Is On” (five tracks) and “Dice in the Tropics” (three tracks, tropical hip hop, SoundCloud). AI vocals. Audio was the logical starting point.

02 — THE FOOTHOLD
“Cicada Man” — novel + 2h8m AI-narrated audiobook. A book lives inside readers’ heads.

03 — THE BREACH
Live-action film (in development). When the movie exists, Jay Dice finally comes to life. Every share is a breach attempt — BREACH!

THE STORY

Jay Dice is an AI-native persona running an open experiment on a $0 budget: can a fictional character bootstrap himself into cultural reality?

Jon, the architect, wrote every lyric and every line of dialogue; AI renders the rap vocals, and the audio book’s narration. Jay’s speaking voice is performed by a licensed voice actor. Jay Dice is openly fictional. The experiment is real.
